

Block Connector Program

Whether it is to borrow a cup of sugar or have someone water your plants while you are away – we all know that knowing your neighbours comes in handy. Communities where people know their neighbours are known to be cleaner, safer, and happier! Through COVID lockdowns and extreme heatwaves, many realized that knowing your neighbours can be truly life-saving! However, neighbourly connections don't happen by accident..

Our building has officially joined the Good Neighbour Kitsilano Block Connector Program that aims to connect neighbours in a meaningful way, create opportunities to look out for one another, share our talents, skills and resources, and take community action to better our neighbourhood!

My name is _____ and I am a designated Block Connectors for our building. In the next few weeks, you will hear from us as we embark on this exciting journey of building neighbourly connections and giving back to our community!

To learn more about Good Neighbour Kitsilano Block Connector Program, visit goodneighbourkitsilano.ca, Good.Neighbour.Kitsilano on Facebook, @good.neighbour.kitsilano on Instagram, or email goodneighbourkits@gmail.com

Kindly,
