

## 1. Skills, abilities, experiences you would be willing to share with your neighbours?

Whether it is to borrow a cup of sugar or have someone water your plants while you are away - we all know that knowing your neighbours comes in handy. Communities where people know their neighbours are known to be cleaner, safer, and happier! Through COVID lockdowns and extreme heatwaves, many realized that knowing your neighbours can be truly life-saving! However, neighbourly connections don't happen by accident..

## 2. Things you would be willing to help your neighbours with?

I am very excited to share that our block has joined Good Neighbour Kitsilano Block Connector Program that aims to connect neighbours in a meaningful way, create opportunities to look out for one another, share our talents, skills and resources, and take community action to better our neighbourhood!

## 3. Things you might need help with?

My name is \_\_\_\_\_ and I am a designated Block Connector for our street - I am volunteering my time to connect with households on our block and will be working on fostering connections with and among neighbours, inspiring to share their gifts, skills, passions and talents with each other, and facilitating opportunities to get involved and make a difference in the community!

There is so much we can do together: borrow tools (and a cup of sugar!), prepare for emergencies, look out for each other's safety, help with errands, organize community clean-ups, gardens, food drives - possibilities are truly endless! But it all starts with a hello, a smile and a conversation! This connector card serves to start the conversation: please fill it out at your convenience: feel free to stop by to drop it off, or email me.

## 4. Activities you would enjoy with your neighbours?

I look forward to embarking on this exciting journey of building neighbourly connections and giving back to our community! If you have any questions or ideas - feel free to reach out!
